Instructions on how to complete

Design Information
- If you use a font in your artwork, please covert it into a path.
- For Adobe Illustrator you can create outlines. For Freehand, use the "covert to Path" option.
- You are assuming the responsibility for the use of the images on your apparel.
- The color pallet we use is the Pantone Color Guide, this system may not be the same as your monitor.

Logos Information
- Import and place only vector images for all logos.
- Raster Images do not create clear prints. They appear unacceptable on the garment.
- Send us a collection of all your logos and vector Images saved in their original .ai or .eps format.
- Trademark and Copyright - permission must be obtained to print a protected image.

Sending the Template
- Place your vector images and Design into this template and save as your team name.
- Send us this file saved as an .ai file to custom@aerotechdesigns.com
