What clients say about Ken's work

"We are very pleased with Ken's contribution to our Web.UI and Charting documentation. Tutorials and code walkthroughs written by Ken provide detailed technical information and are extremely valuable to our customers."

Miljan Braticevic, President of ComponentArt

"Thanks to Ken Cox, who gave the manuscript a thorough review and offered many excellent suggestions for improvements."

Doug Lowe, author of ASP.NET 2.0 Everyday Apps For Dummies

"A special thanks goes to Ken Cox, one of my technical reviewers and co-author, for the gracious amount of time and effort he has put into completing this book. Without a doubt he has been the most valuable asset."

Scott Worley, author of Inside ASP.NET

"Thanks to the reviewers, especially Ken Cox, who worked right up until the last minute to turn around chapters."

Homer, Sussman, Howard, authors of ASP.NET v.2.0 - The Beta Version
