## RENATA W E P L I G H T

^ C O L L E C T I O N

### Description

From the deep South of the Western Hemisphere each WEP Light (Wood Ecological Project) was designed with an individual spirit of the Andes, glacial lakes and Pampas grassland of Argentina. A two-sided wood veneer section is fused with a malleable center panel for strength and flexibility to create a work of art in a variety of style and size. A plethora of colors for interior and exterior of the shade are offered. Consult factory for optional assembly.

### Housing

Reconstructed wood veneer

### Mounting

Bayonet black canopy with 108" black cord, field adjustable

### Electrical / Controls

- 100W bulb max
- 120V only
- E26 socket
- 15W socket available upon request

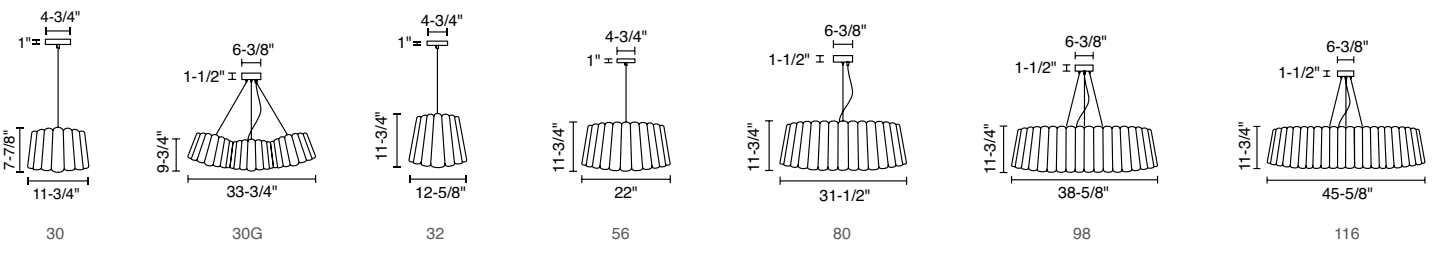

### Listings

- ULus listed to UL1598 (suitable for indoor use and dry locations only)
- cUL listed to USA c22.2 250.0
