*Solid support,  
Quality materials,  
Great value.*

*Contractors and homeowners trust sturdy  
Westinghouse braces to protect their  
fan and lighting investments.  
For new construction or remodel,  
we have the products to secure any job.*

Installation is a breeze!

## Saf-T-Bar®

Ideal for New Construction or  
Where Attic is Accessible

- Easy 4-step installation
- Position box anywhere along the brace

*Can be used with Engineered Truss*

01525 & 0152511

**Saf-T-Bar®**

6 Knockouts for Conduit or Romex

1 Romex Connector

Box Depth 1½"

Heavy Duty, 15.5 Cubic Inch Dual Mount\* Electrical Box

### Engineered Truss Application

\*Dual Mount = Box is threaded for 8-32 (ideal for box covers and light weight fixtures) and 10-24 screws (ideal for heavier fixtures and fans).

Ideal for Retrofit Application  
No Attic Access Required

- Position box anywhere along the brace

# Saf-T-Brace®

Patented Design on 01010, 01100 and 01400  
Provides Fast, Fingertip Expansion and Positive Attachment to Joists

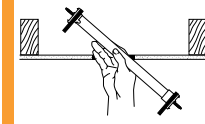

## Additional Security from Screw Connector

**01010**  
**Saf-T-Brace®**  
6 Knockouts for Conduit or Romex  
1 Romex Connector  
Box Depth 1½"  
Heavy Duty, 15.5 Cubic Inch Dual Mount\* Electrical Box  
**Extra Strong Grip**

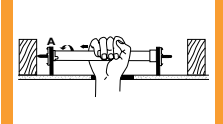

### Step 1

Easy installation from below ceiling through any 4" diameter hole.

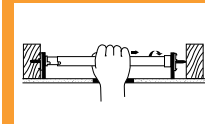

### Step 2

Install end "A" by turning unit clockwise and applying pressure toward the ceiling joist.

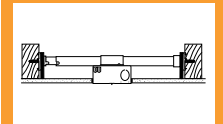

### Step 3

Slide unit toward other joist and again apply clockwise pressure.

### Step 4

Attach electrical box and install fan or lighting fixture per manufacturer's instructions.

Installation Steps for 01010

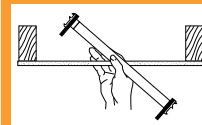

## Teeth Twist and Lock into Joist to Create More Secure Connection

**01100**  
**Saf-T-Brace®**  
6 Knockouts for Conduit or Romex  
1 Romex Connector  
Box Depth 1½"  
Heavy Duty, 15.5 Cubic Inch Dual Mount\* Electrical Box  
**Strong Grip**

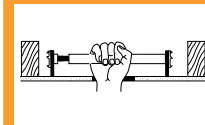

### Step 1

Easy installation from below ceiling through any 4" diameter hole.

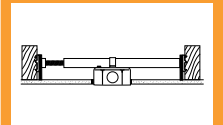

### Step 2

Rotate bar until teeth are fully embedded into joist.

### Step 3

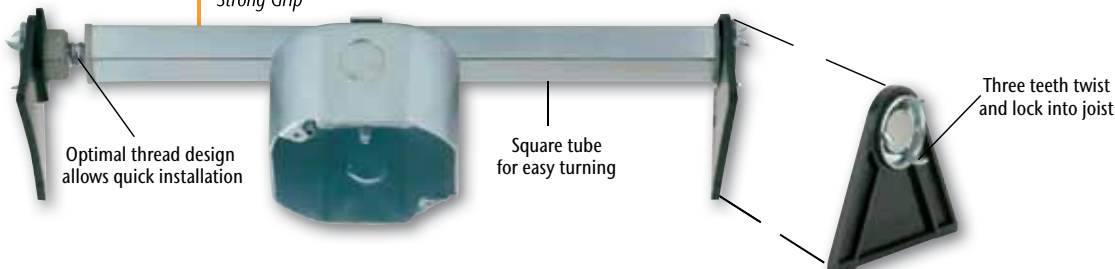

Attach electrical box and install fan or lighting fixture per manufacturer's instructions.

Installation Steps for 01100 and 01400

## Includes Larger Box for Increased Wire Capacity

**01400**  
**Saf-T-Brace®**  
6 Knockouts for Conduit or Romex  
1 Romex Connector  
**Box Depth 2⅛"**  
Heavy Duty, 21.5 Cubic Inch Dual Mount\* Electrical Box  
**Strong Grip**

\*Dual Mount = Box is threaded for 8-32 (ideal for box covers and light weight fixtures) and 10-24 screws (ideal for heavier fixtures and fans).
