

When one is designing an HDMI Matrix Switch the most important initial specification is the number of inputs and outputs you will need in your facility. The next, and often forgotten, is how the user wants to control those inputs and outputs. HDTV Supply has your back when you're buying one of our WolfPack Family of Modular Matrix Switchers.

We have them all shown at [Ways to Control Our WolfPack Modular Matrix Systems](#) and here is a summary:

Here are 18 - Ways to Control Our WolfPack Family Of Modular Matrix Systems:

1. iPad App (iOS)
2. iPhone App (iOS)
3. Android Tablet
4. Android Phone
5. Samsung Galaxy Tablet
6. Samsung Galaxy Phone
7. Web GUI from any browser
8. Dual RS232 ports
