

Alternative Power Cords — for Various Countries

A detachable cord/plug set is automatically included with both models of the temperature controller:

- Model 89800-11, 13 includes a US 120 VAC plug
- Model 89800-12, 14 includes a US 220 VAC plug

Below is a ordering table for the available cord/plug sets. Cord/plug sets feature a country-specific male plug on one end and an IEC 320 female plug on the other end. Order a cord/plug set to replace a lost or damaged set or to use your temperature controller in another country.

IEC 320 socket

Illustration	Country	Catalog number
	US Standard	50001-68
	Australia, Japan	50001-60
	Denmark	50001-62
	India	50001-64
	Israel	50001-69
	Europe	50001-70
	England	50001-72
	Switzerland	50001-74
	Italy	50001-76
	US (NEMA)	50001-78

Output Cord Adapters – for Various Countries

A detachable cord set is not included with the temperature controller:

- Model 89800-11, 13 includes a US 120 VAC female plug
- Model 89800-12, 14 includes a IEC 60320 C19, 230 VAC female plug

Below is a ordering table for the available cord sets. Cord sets feature a country-specific female plug on one end and an IEC 360320 C19 male plug on the other end that will plug into the controller.. Order a cord set to use your heating or cooling devices with your 230 VAC temperature controller in another country. Each cord set is 12 in ((30.5 cm) in length.

IEC 60320 C19
