

CutMaster®

XKS™ Work Gloves

Magid Glove & Safety Manufacturing Company LLC

Hand Protection

Mediumweight XKS blend, 7 gauge machine knit provides excellent, all around hand protection for assembly work and material handling.
ANSI Cut Level 4

XKS 200
Size 6-10

Mediumweight XKS blend, 7 gauge machine knit offers the same great protective qualities of the XKS200 style, with the added benefit of black plastic dots on both sides to ensure long-lasting grip and added wear.
ANSI Cut Level 4

XKS 200PR
Size 7-10

Mediumweight, elasticized XKS blend and 10 gauge, high density construction delivers custom fit protection, extends glove wear and brings comfort and agility to even the most demanding tasks.
ANSI Cut Level 4

XKS 210
Size 5-10

Heavyweight XKS blend, 7 gauge knit with reinforced thumb crotch produces unparalleled protection for heavy duty applications requiring the handling of sheet metal, glass or any material with sharp and jagged edges.
ANSI Cut Level 4

XKS 300
Size 7-10

Mediumweight, loops out terrycloth XKS blend construction with reinforced thumb crotch safeguards hands from cuts while ensuring an excellent grip in the presence of heat, oils and lubricants.
ANSI Cut Level 4

XKS 400
Size 7,9,10

Heavyweight, loops out terrycloth XKS blend with reinforced thumb crotch make this cut protection champion the ideal choice for metal stamping or any extreme application that requires an unsurpassed level of durability, wear, and performance.
ANSI Cut Level 4

XKS 450
Size 7,9,10

Extreme protection

Magid® CutMaster® XKS™ Work Gloves deliver a new standard in cut resistant hand protection. At the core is XKS Yarn manufactured from a unique combination of stainless steel wire, Kevlar® and high performance fibers. The result is machine knit gloves that offer as much as two-and-a-half times greater cut protection than gloves made from a 100% aramid or HPPE yarn of a similar weight. And compared with competing fibers utilizing steel wire, XKS Yarn's proprietary manufacturing process virtually eliminates wire popping ensuring on-going protection, minimizing potential discomfort and extending wear.

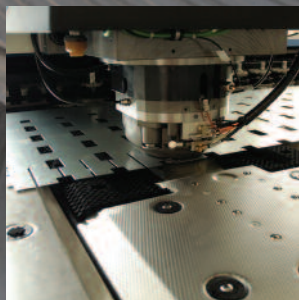

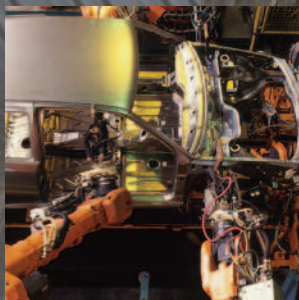

Extreme durability

Benefitting from the inherent strength and dark coloration of XKS Yarn, CutMaster XKS Gloves effectively hide dirt and grime reducing the rate of disposal or laundering required. The gloves' superb durability in the field and in the wash extends wear up to two to three times longer than gloves made from other cut resistant materials. The reversible design and color coded labels and cuffs allow the gloves to be easily sorted after laundering.

Extreme comfort & dexterity

CutMaster XKS Gloves employ a seamless, form fitting design that enhances comfort and agility.

Manufactured in several weights and constructions, the ideal CutMaster XKS Series Glove is available to deliver the balance of protection, dexterity and comfort desired.

A new standard in cut resistance, comfort and durability!

The CutMaster[®] XKS[™] features:

- **Unique XKS[™] Yarn composition**
Includes stainless steel wire & Kevlar[®] to deliver cutting edge cut resistance, abrasion and durability properties.
- **Dark coloration**
Hides dirt and stains extending wear and reducing rate of disposal or laundering required.
- **Lightweight construction**
Offers enhanced dexterity and comfort with same or greater cut resistance versus heavier weight gloves.
- **Color coded labels and wristbands**
Simplifies glove series and size identification and prevents unraveling.
- **Seamless, reversible design**
Enhances comfort, extends wear and allows for easy sorting and dispensing.
- **Low-linting properties**
Minimizes potential product contamination.
- **Superb versatility**
Ideal for use in automotive manufacturing, metal fabrication, household appliance assembly, aerospace manufacturing, paper production and glass fabrication.

ITEM NO.	DESCRIPTION	SIZES
XKS200	Mediumweight XKS [™] Blend, ANSI Cut Level 4	6, 7, 8, 9, 10
XKS200PR	Mediumweight XKS [™] Blend with Black Plastic (PVC) Dots on Both Sides, ANSI Cut Level 4	7, 8, 9, 10
XKS210	Mediumweight, Elasticized XKS [™] Blend, ANSI Cut Level 4	5, 6, 7, 8, 9, 10
XKS300	Heavyweight XKS [™] Blend, Reinforced Thumb Crotch, ANSI Cut Level 4	7, 8, 9, 10
XKS400	Mediumweight, Loops Out Terrycloth XKS [™] Blend, Reinforced Thumb Crotch, ANSI Cut Level 4	7, 9, 10
XKS450	Heavyweight Loops Out Terrycloth XKS [™] Blend, Reinforced Thumb Crotch, ANSI Cut Level 4	7, 9, 10
