

Features testo 300:

- 5" HD touch screen display
- Immediate start-up from stand-by
- Create custom reports directly in the testo 300

Combustion analysis for	Application requirements	Product recommendation	Included sensors	Included accessories	Sensor warranty
 Residential Use	Basic residential requirements	testo 300 with soft case Part No. 0564 3002 82	O ₂ CO CO up to 4,000 ppm		2 years
	+ Printed documentation	testo 300 with soft case and printer Part No. 0564 3002 83	O ₂ CO CO up to 4,000 ppm		2 years
	+ Printed documentation & extended reliability	testo 300 LL with hard case and printer Part No. 0564 3004 79	O ₂ CO CO up to 4,000 ppm		4 years
 Commercial Use	Basic commercial requirements	testo 300 LL with hard case Part No. 0564 3004 92	O ₂ CO 3rd socket CO up to 4,000 ppm		4 years
	+ Printed documentation	testo 300 LL with hard case and printer Part No. 0564 3004 93	O ₂ CO 3rd socket CO up to 4,000 ppm		4 years
	+ Printed documentation & NO measurement	testo 300 LL with hard case and printer Part No. 0564 3004 94	O ₂ CO NO _x CO up to 4,000 ppm		4 years
 Industrial Use	Basic industrial requirements	testo 300 LL with hard case Part No. 0564 3004 95	O ₂ CO 3rd socket CO up to 8,000 ppm, CO diluton 30,000 ppm		4 years
	+ Printed documentation & NO measurement	testo 300 LL with hard case and printer Part No. 0564 3004 96	O ₂ CO NO _x CO up to 8,000 ppm, CO diluton 30,000 ppm		4 years

Flue gas sampling probe and testo EasyHeat software are included in delivery of all the above testo 300 kits.
