Care & Maintenance

Your Oxford Garden furniture arrives in its natural state, without any oils or finishes. Upon completion of assembly, you may notice some staining from your hands, or possibly some water stains from shipping. Shorea is extremely dense, and therefore any staining will be only on the very surface of the wood, so any marks or abrasions can be easily removed by liberally sanding the wood with 100 grit, or medium, sandpaper.

Shorea is strong enough and weather resistant enough to be left totally untreated. If left alone, your furniture will weather naturally with time, turning a warm and soothing shade of gray. If you prefer to prevent this natural weathering, or to enhance the luster and color of the wood, you may seasonally apply a coat of teak oil. If you allow your furniture to weather, and later decide to restore it to its original condition, use a teak cleaner first, and then you may apply the teak oil. These products are available at most hardware stores and boat dealers, and are available through many Oxford Garden dealers.

If the furniture is going to be placed on a concrete or tile patio, it should first be rinsed well to remove the sawdust that may cause some staining.

Parts List & Hardware

A	(1)	Table Top
B	(4)	Table Legs
C	(1)	Pedestal Base
D	(8)	Washers
E	(8)	Hexagon Nuts
F	(5)	Machine Bolts
G	(1)	Hex Head Wrench
H	(2)	Allen Wrench
I	(4)	Barrel Nuts
J	(1)	Parasol Hole Cap

About Shorea Wood

Shorea is a tropical hardwood that grows plentifully in the Pacific Rim countries of Burma, Malaysia, and Indonesia. Shorea is closely related to teak, and is therefore well suited for use in furniture making. It is renowned for its strength, durability, and beauty. Like teak, shorea has natural oils that allow it to withstand the effects of sun, rain, snow, and frost.

RD67TA - Round 67" Dining Table

The Oxford Garden 67" Round Dining Table has seven component parts – one Table Top (A), four Legs (B), one Pedestal Base (C) and one Parasol Hole Cap (J).

Tools needed for assembly — two allen wrenches, (provided) and one hex head wrench (provided).

To assemble:

1. Lay Table Top (A) upside down on a clean, flat surface.
2. Place the bolts of each leg (B) through the frame of Table Top. Secure with washers (D) and nuts (E). Tighten with hex head wrench (G) provided.
3. Lay pedestal base (C) onto four legs, inserting the pegs from each leg into holes in pedestal. Insert one barrel nut (I) into hole on the side of a leg. Align the barrel nut to receive the machine bolt (F) as you screw the machine bolt through the pedestal base (H) and into the leg. Tighten with allen wrench (H) provided.
4. Carefully turn table upright and enjoy.
