WARRANTY PERIOD	CLEANING AND MAINTENANCE	REMOVING STAINS, MILDEWS, ETC	INSECT REPELLENTS AND SUNTAN LOTIONS	SPECIAL INSTRUCTIONS
WROUGHT IRON AND STEEL FRAMES 3 YEARS	Clean with warm, soapy water. Damage to the paint finish may cause corrosion, touch up with paint immediately. To maintain the gloss on non-textured finishes, protect with a fine automotive wax. On textured finishes, periodically apply mineral oil or baby oil.	Woodard Direct multi-step finishing process results in a stain-resistant finish. Severe stains may require light sanding and touch-up painting.	The finish on Woodard Direct furniture is formulated and baked on to make it highly resistant to repellents and lotions. However, to avoid discoloration, clean metal parts of these products frequently.	Frame finish touch-up instructions. When covering small spots of surface metal, clean area by sanding lightly and wipe immediately to prevent rust. When preparing scratched areas for touch-up painting, rub lightly with steel wool to smooth the surface and improve paint adhesion. Apply a thin coat of touch-up paint and allow ample drying time between coats.
ALUMINUM & CAST ALUMINUM FRAMES 3 YEARS	Clean with a solution of warm water and mild soap. To maintain the gloss on non-textured finishes, protect with a fine automotive wax. On Textured finishes, periodically apply mineral oil or baby oil.	Woodard Direct multi-step finishing process results in a stain-resistant finish. Severe stains may require light sanding and touch-up painting.	The finish on Woodard Direct furniture is formulated and baked on to make it highly resistant to repellents and lotions. However, to avoid discoloration, clean the frame as soon as possible after the exposure.	Frame finish touch-up instructions: When using touch-up paints, please follow instructions and cautions on product labels. If covering scratches, rub lightly with steel wool to smooth the surface and improve paint adhesion. Apply a thin coat of touch-up paint and allow ample drying time between coats.
WOVEN 3 YEARS	For best results, clean regularly with mild detergent and warm water. Cleaning will help prevent mildew by washing out dirt particles that may become trapped. Shake out excess moisture after rinsing and allow to dry thoroughly before storing.	Clean with a solution of warm water, mild laundry detergent, and chlorine bleach (no more than 1/4 cup to three gallons of water). Never use a solvent-type solution. Use X-14 Instant Mildew Stain Remover for more severe growth.	Not recommended. Insect repellents and suntan lotions can reduce the life of PVC, accelerate fading and stain fabrics. To avoid damage, wipe clean with mild laundry detergent and warm water.	DO NOT USE solvents, scouring agents, carbon tetrachloride, undiluted bleach, janitorial cleansers or gasoline. If in doubt about using a detergent, choose an inconspicuous area and test the cleaner.
