FEATURES & BENEFITS

A range of temperatures for every need - Keep fresh courses at the ideal temperature or heat up dishes perfectly using variable degree control with 80- to 210-degree settings

A distinctly clean, smooth look - Your drawer is as easy on the eyes as it is to use thanks to a frameless front that exudes simplicity and style at the same time

Relish every bit of space - Keep items warm with an elevated half rack that maximizes drawer space

Humidity made flexible - From crispy to tender, always achieve the right texture with variable humidity control that never compromises results for the sake of warmth

It only takes a glance - Always know when your drawer is on with an indicator light that illuminates when it's in operation

Create a look that matches your personal style - Select any combination of premium finishes and hardware options to create a stunning look customized to any owner's taste

WARRANTY

Parts warranty	Limited 1-year entire appliance
Labor warranty	Limited 1-year entire appliance
Warranty notes	See written warranty for full details

DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)

Undercounter Installation: A solid barrier must be installed at least 1" from the lowest point of the bottom of cooktop burner box to the top of the cutout. Use any solid material such as 1/4"-thick plywood. Allow at least 1/4" air gap between the barrier and the top of the warming drawer. See label on top of the warming drawer for approved cooktop models.

Under Oven Installation: Additional clearance between cutouts may be required. Check to be sure that oven supports above the warming drawer location do not obstruct the required interior 23-1/2" depth and 9-1/4" height.

Door handle protrudes 2-1/2" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.

KW Rating	
120V	.45
Breaker Size	
120V	15 Amps

(Must Support 150 lbs.)
